## About This Game

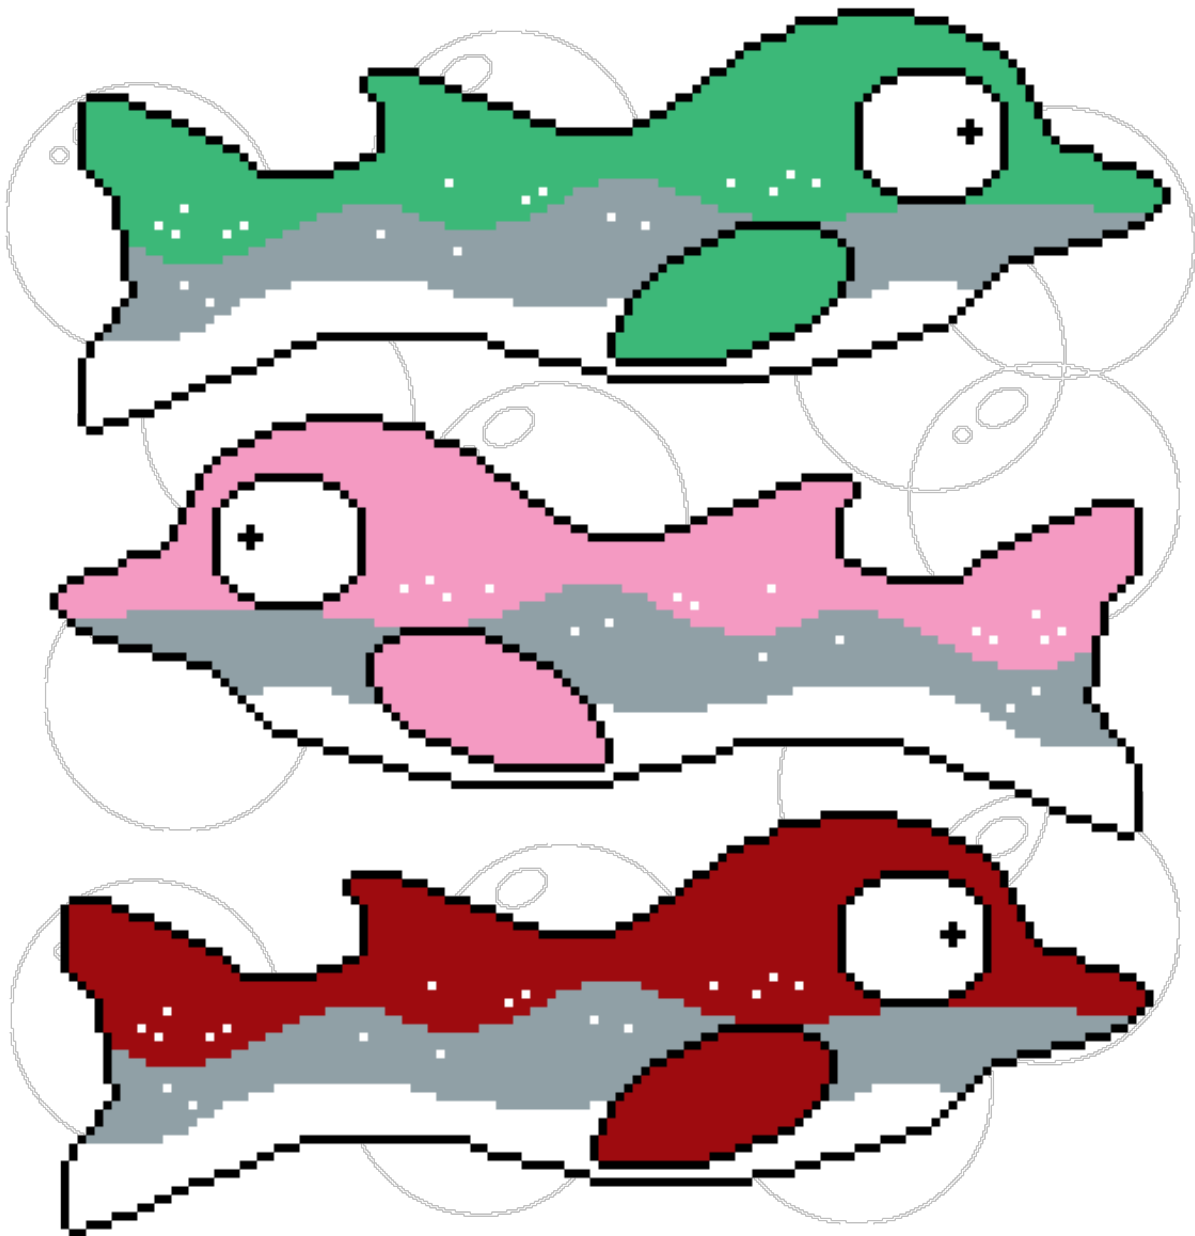

Dolphin Swim. A simple experience in seeing how long you can last navigating a zig zag path. This game will test your patience, reactions, concentration, focus, and of course, anger.

Update May 10:  
Dolphin Swim will be getting new content! No possibility when it will be finished.

This is Phin, from Phinland. Welcome Phin to your loving Steam game family! Just look at how cute he is! Look at him... look at him.

These are Phin's best friends; Green, Doll, and Red. Steam users may speculate that Green is from Greenland, Doll is from Dolland, and Red is from Redland. But there's no way to tell. Some Steam users might speculate that Doll and Phin are romantically together since their names combine. But there's no way to tell. Some might think they're better than others because they have a higher score in Dolphin Swim. But there's a way to tell. Some people might think this game is too hard... but only a dolphin can tell.
